

I'M MOVING OUT

DUWO
specialist in student housing

HOW SHOULD I
LEAVE MY ROOM?

- Make sure your room is clean.
- Do not leave any belongings in the room that were not there when you moved in.
- If you have shared facilities, make sure you all contribute to the cleaning.

Remove any cobwebs

Tidy the **balcony**
and leave it empty.

Carefully remove posters
and photos and immediately
remove the sticker residue
from walls, windows and doors

Make sure your **bathroom** is
mould-free, clean (i.e. descaled)
and drains unblocked. Don't forget
to remove any hair from the drain.

Clean the **room** thoroughly: remember to also clean the
inside of the cupboards and the floor under your bed.

- Clean the **kitchen**, once again
descale and unblock.
- Make sure all equipment is clean
(cooker, fridge, microwave) and
leave the fridge switched on.
- Do not leave any food in the fridge
or cupboards.
- Clean the dustbin.

Remove your own bike
from the **bicycle storage** and do not leave any other belongings behind.
